Ask your dentist ...

...if he would be prepared to collect the dental-gold of his patients for the good of steps for children.

When I floated the idea to my dentist, Dr. Clemens Vogelmann in Hamburg, that he could ask his patients if he could collect the removed gold-crowns and gold-inlays, he immediately agreed. A few months later Dr. Vogelmann took the dental-gold to a dealer and I was joyfully able to receive a check for steps for children. Through this action we can now provide for two [steps-homes families](#) for a whole year.

The dentists of our ambassador, Andreas Thümmler, the dentist couple Drs. Mannherz in Miltenberg, have collected the dental-gold of their patients. With their donations we were able to obtain blankets and mattresses for the steps-homes children.

A big THANK YOU to Dr. Vogelmann and the Drs. Mannherz!

Please ask your dentist as well, if he or she would be prepared to collect the dental-gold of their patients for the good of steps for children. We would gladly send a collecting box and flier direct to the practice or to you as intermediary. Together, by giving them regular nourishment, we can make it possible for children in Namibia to have a good education and a better future. On our website you can find out [ways in which you could support needy children in Namibia](#). Alternatively, speak to us directly.
